

TORONTO

Employment & Settlement Support

TRIEC Mentoring Partnership employment consultants match you up with a mentor that has previously immigrated to Canada and found work. The mentor then assists you using their own lived experience.

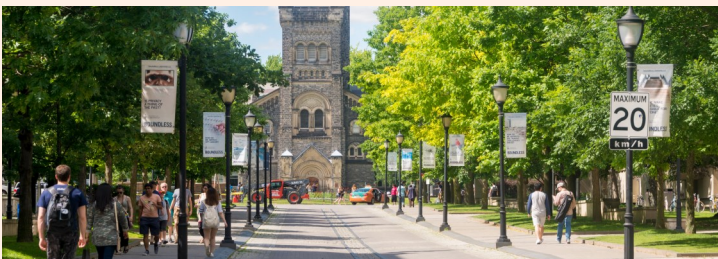

YMCA Greater Toronto Employment & Immigrant Services gives you individualized employment support from resume building, dressing for success, setting employment goals and much more.

Toronto Community Employment Services offers skills assessments, resume building, mock interviews and more.

Culture Link provides newcomers with various settlement assistants from filling out paperwork to recreational activities for all ages.

Costi provide settlement assistance for establishing a home in Canada and employment help so you can start your new career.

Youth Employment Services (YES) provides employment help for youth through programs like mentorship, job placements, employment counselling and more.

Education

Toronto District School Board has a cultural mosaic of various students from different backgrounds in both elementary school and high school. They also provide many different services for adults, such as employment services, skills development, apprenticeship training and much more.

Toronto Catholic District School Board provides an elementary to secondary curriculum with a Christian focus. They also have early childcare programs, family activity recreation programs and a newcomer orientation centre among many other services.

Toronto City websites provides you a comprehensive list of universities and colleges in Toronto.

Health Care

University Health Network (UHN) is a connected partnership of four hospitals including the Toronto General, Toronto Western, Princess Margaret, and the Toronto Rehab Michener Institute. Together they provide an extensive list of treatments including rehab, joint muscle care, transplant programs and more.

TorontoCentralhealthline.ca provides you a complete list of hospitals in Toronto and the surrounding area.

Full listing of Walk-In Medical Clinics in the Toronto region

Transportation

Toronto Transit Commission (TTC) runs the public transit system. The website provides information about fares, schedules and maps.

Designated cycling paths exist in Toronto so that cyclists enjoy safe biking. Check out the website to learn about bike lanes, trails, campaigns and projects in Toronto.

Go Transit is a third-party transit service used in the Toronto/Greater Toronto Area to assist the Toronto Transit Commission by employing an extensive network of trains and buses.

Languages

In Toronto, English is the most commonly used official language. Yet, Toronto is a mosaic of languages. According to the **2016 Census**, 42.8% of Toronto residents had a mother tongue other than English or French.

YMCA Settlement assesses your language level and refers you to the language programs that suit your needs at five different locations in the city of Toronto.
